?
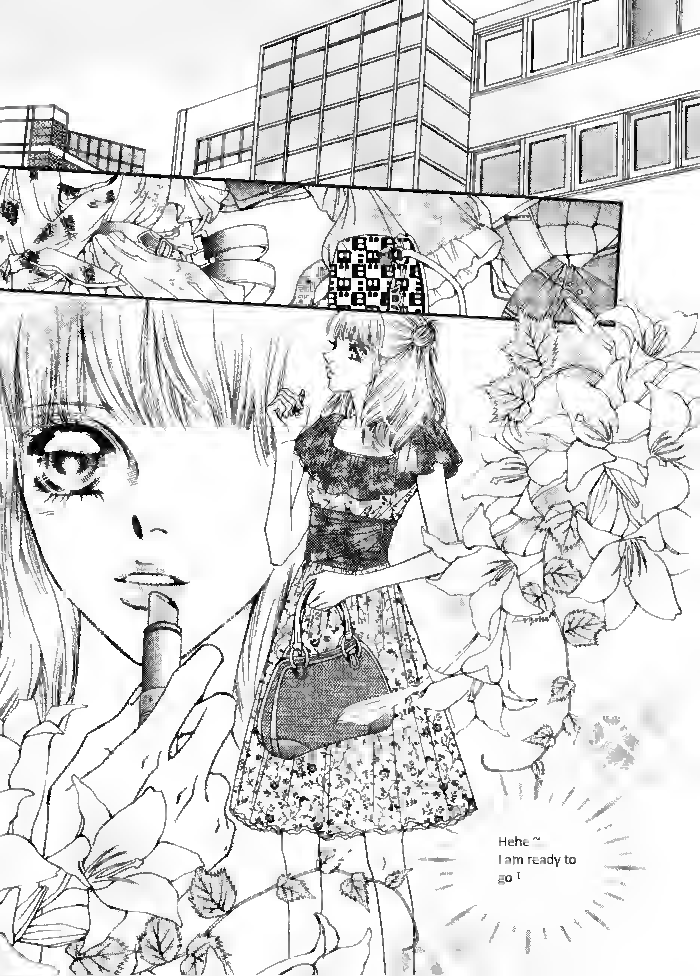
Very interesting indeed
Who'd know what you are going through ? After all, people's minds are deeper than the deepest sea..

What was that for ?
It was from the scripts.
It's quite interesting really.
I've read through it three times now.
And I am curious if she is really the one who . . . . it because I find it hard to believe that she wrote this.

I think the same
No one would believe that she was someone who d hit people with beer bottles and plates
What ?
Plates ? Did something happen ?
Nope, hurry up and finish with your outfit
CREATIVE



Hehe ~
I am ready to
go !

This should be good enough !
I guess I should wear high heel today even though it's going to hurt my feet so bad ...
As for shoes ...
!
Yes go ahead and scout the place and let me know
달칵!

And tell the media that we will provide them with materials later. Do not let them sneak in and take pictures.
Alright, I am handling up.

Something doesn't feel r ght...
... What's with his weak reaction?
Oh she is wear ng high hell
Will there be directors and actors today at the party ?
Hm. she does look completely different

JANIMES.COM

꺄악
I thank you for choosing me for such a b g role
I will work really really hard to meet your expectations
I am sure that they already told you at the aud tion Miss Choe
You may be a good actress, but I want your acting to be better than that

Yes... I will try harder
That is all I have to say
Please leave now
It seems the rumors are true that he is really cold when it comes to work.

Anyway

A man like him will be better for you

He doesn't touch actresses like all other men in his position do
You've seen and read such news all over haven't you ? There are some sick people out there
Yes
Let's give it all we got If this drama succeeds
You will become popular

Is that what happened ? I can t bel eve it !
It wasn't intentional ! I am telling you the truth !
Yes, you told me that you were just new at serving at that time.
I find it hard to believe that he let it go
He didn't He said he was going to sue me
Hehe yes, that'd be him, right !

JANIMES.COM

Please stop laughing I thought he was really going to sue me at that time !
I almost forgot I wanted to ask you about the scripts.
About the scripts ?
I was getting eerie feelings when I read it through a few times
Normally fictional histor cal dramas focus on k ngs or prnces but yours focus on a son of a concub ne

Well. I just wanted to avoid the common trend.
I wanted to portray those who was left out in history, not the big roles in the scenes.
I wanted to write about their lives.
I've read your novel, but your scripts were better. The story isn't over yet, is it.
—No

Can you promise me something ?
Eh ?
Can you contact me right away as soon as the story is concluded ?
Can you ?
Who else have not arrived yet ? If they aren't important figures
Let's begin. Making them wait too long won't do any good.
Uh!

The cast has to show up first...
Ge them here right now !
!
Yeah, gather them here ASAP !
...

When is he coming——oh I see. Thanks.
Sir
Everyone except few who got stuck in traffic seems to be here
